

DELHI WATER EXPO 2026

POST SHOW REPORT

20 – 22 AUGUST

HALL 12A, ITPO,
PRAGATI MAIDAN,
NEW DELHI

INDIA'S B2B WATER AND
WASTEWATER EXHIBITION

ORGANISED BY

CO-ORGANISERS

KNOWLEDGE PARTNERS

INAUGURATION of the 5th Edition of Delhi Water Expo at Hall 12A,ITPO

The traditional inauguration set the tone for three days of innovation, knowledge exchange, collaboration and business networking.

A successful fifth edition built around technology, knowledge and business

THANK YOU FOR MAKING DELHI WATER EXPO 2026 A GRAND SUCCESS

The three-day event brought the water and wastewater community together for technology discovery, live demonstrations, panel discussions, business meetings and professional networking.

Exhibitors, visitors, speakers, industry experts & professional , partners, sponsors, associations each contributed to the event's success.

The connections and insights created during the Expo are expected to continue generating meaningful outcomes across the water sector.

PHDCCI International Summit on Smart & Sustainable Water & Wastewater Systems

100+

DELEGATES

The summit connected policy, utility, business and technology perspectives around smarter, more sustainable water systems and wider access to solutions.

Integrated Water Management Conference – TERI

80+

DELEGATES

THEME

Integrated Water Management for Climate-Resilient and Water-Secure Future

- Climate resilience and water security
- Integrated planning and governance
- Institutional collaboration and implementation

IWQA River Rejuvenation India Summit 2026

120+

DELEGATES

THEME

Reviving India's Rivers - Challenges, Solutions & Sustainable Pathways

- River health and basin action
- Restoration pathways and sustainable practices
- Policy, community and industry participation

WWM Innovation Technology Symposium 2026

60+

DELEGATES

THEME

Restoration and Management of Nalas, Ponds, Rivers and Lakes

- STP augmentation and sludge management
- Drain and nala cleaning
- Restoration-focused technology and practice

H2O Connect Jaipur: focused regional engagement

12 AUGUST 2026 • RADISSON BLU, JAIPUR

Synergizing Water Infrastructure

Technology, Integration & Project Excellence

A concentrated forum connecting regional decision-makers, technology providers, consultants, utilities and industrial users through expert sessions and purposeful networking.

- Industry-led knowledge sessions
- Solution presentations and case studies
- Buyer–seller and peer networking
- Gateway to Delhi Water Expo participation

POST SHOW REPORT 2026

Water Conclave: The Water Conclave was one of the most highly anticipated features of the Delhi Water Expo 2026. This focused, knowledge-sharing event brought together industry experts, government officials, technologists, and thought leaders for an in-depth discussion on critical water-related issues and emerging trends
